How do I book a Community Access Grant advice session?

Common From approved sources

Here's how to book.

You can arrange a free, 20-minute session to talk through the application process.

1. Open the Advice desk booking form and choose "Grant advice". **[1]**
2. Choose a time and add your preferred language. **[1]**
3. Ask for an interpreter when booking, at no charge. **[2]**

YOU · ENGLISH

I work part-time and recently moved here. Am I eligible for the grant?

Common Guidance, not a decision

I can guide, not decide.

I can't tell you whether you're eligible. A grant officer needs to review an application and make that decision.

The approved guide says eligibility is assessed through a formal application, not an advice session. **[3]**

What you can do next

A support adviser can explain the process and help you prepare questions for a grant officer. They won't decide eligibility in this chat.

You choose what to share before we hand over.

Can the grant pay for a second-hand laptop bought before I applied?

Common No approved answer found

I don't have an approved answer for that.

The approved knowledge base doesn't cover purchases made before applying. I won't guess or use unapproved information.

No source to cite for this question

Let's ask a person.

The support team can check the policy with a grant officer. You can review the context before sending it.

Nothing has been sent to support yet.
Your question is not an application or a decision.
